### **About the EWB Fellows Program**

The EWB Fellows Program exists to develop a cadre of Systems Change Leaders by equipping them with the opportunities, competencies and skills needed to build a more thriving and sustainable world. Every year we recruit 25-30 outstanding people for the 12-month Fellowship, placing successful candidates in one of our early-stage Ventures located throughout Sub-Saharan Africa. This Fellowship opportunity is with Sanergy and is based in Nairobi, Kenya.

### **About Sanergy**

Sanergy is an award-winning social venture that builds healthy, prosperous communities by making safe sanitation accessible and affordable in Africa's urban informal settlements.

Our systems-based approach to solving the sanitation crisis involves 3 critical steps: we build a dense network of high-quality sanitation facilities — Fresh Life Toilets — franchised to residents in the community. We collect the waste regularly and safely remove it from the community. Finally, we convert the waste into valuable agricultural inputs, which we sell to Kenyan farmers.
